

We need new county government leaders

To the Editor:

Fire the county manager and throw out Genesis! The residents, their families and the loyal, hard-working nursing staff at Sullivan County Health Care have had to put up with

enough mismanagement; it is time for some proper management.

Mr. Gil de Rubio, the county manager, and Mr. Scott Wojtkiewicz, the administrator at S.C.H.C., seem to think they don't have to attend meetings with the voters' elected representatives and don't have to answer questions. These two work for the voters of Sullivan County.

Their insubordination is not acceptable to this voter and should not be permitted by the voters of Sullivan County. As usual, Commissioner Ben Nelson and Rep. Beverly Rodeschin are so far out of step they seem to think the voters don't have a right to know what is going on in the county government. I wonder if the state reps could cut the county budget by 10 percent if the county manager could find time to answer a few questions? If not, he should take his expensive suits and his toys and go back where he came from.

Every resident in Sullivan County is affected by what happens at the Sullivan County Nursing Home, by taxes, the care of loved ones, repeated violations in inspections, interest rates for county loans. All of these things affect me, I have never seen a lower level of morale anywhere. The voters must speak out now.
